

## Topshelf Hockey Sticks Team Pricing Partnership

GTS Hockey, the manufacture of Topshelf hockey sticks, is pleased to announce an association partnership with St. James AA Hockey.

Through this initiative we will offer St. James AA Canadians players team pricing on our pro quality, custom made sticks as well as provide an additional funding source for the Association.

Players will be able to order a custom stick to their exact specifications. Players can select shaft size and length, shaft flex, blade profile/curve and grip. Players can also have their name printed on the shaft.

Sticks currently take 4-5 weeks for delivery. Sticks ordered by the order deadline will arrive before Christmas.

Sticks are priced at approximately 50% of retail pricing and a portion of all stick sales will be donated to the St. James AA Hockey to support local hockey programs.
